

**OMG Architecture-Driven Modernization (ADM)
Information Day**
San Diego, CA – March 2007

Day 1 – Tuesday – March 27, 2007

- 9:00 am **Welcome & Introduction**
- Richard Soley, CEO, OMG
- 9:15 am **Keynote: Software Modernization Meets Open Source "The MoDisco Eclipse Project"**
Jean Bezivin, Professor, INRIA & University of Nantes, France
- 9:45 am **ADM Roadmap & Scenario Overview**
William Ulrich, President, Tactical Strategy Group, Inc.
This session provides a task force overview, a discussion of various modernization scenarios and a roadmap of the seven planned ADM standards.
- 10:15 am Break
- 10:30 am **Natural/ADABAS Migration to EGL/DB2**
Michael Virga, Consulting IT Specialist, IBM
- 11:00 am **ADM Standards Update & Panel Discussion**
Moderated by: Vitaly Khusidman, Architecture Director, Unisys
This panel will provide an overview of four ADM standards. These include the existing KDM standard as well as work in progress.
Topics include:
- **Knowledge Discovery Meta-Model (KDM)**
 Nick Mansurov, CTO, KDM Analytics
- **Abstract Syntax Tree Meta-Model (ASTM)**
 Philip Newcomb, CEO, The Software Revolution, Inc.
- **Software Metric Meta-Model (SMM)**
 Larry Hines, EDS Distinguished SE, EDS Corporation - Austin Lab
- **Analysis Package**
 Howard Hess, Distinguished Engineer, IBM Research, IBM Corporation
- Noon** **Lunch**
- 1:00 pm **Role of Software Assurance in Modernization Space**
Djenana Campara, CEO, KDM Analytics
This session discusses the need for software assurance and software assurance's relationship to modernization. This session overviews the concept of the Software Assurance Ecosystem.
- 1:30 pm **Case Study Panel: Analysis & Refactoring Case Studies**
Moderated by: Djenana Campara, CEO, KDM Analytics
This case study panel will provide a series of presentations and discussions on how companies have successfully analyzed and refactored existing systems.
Topics include:

- **“Knowledge Mining & Abstraction (KMA) at New York Office of Temporary Disability Assistance” — Part I**
Vitaly Khusidman, Architecture Director, Unisys
- **“Knowledge Mining & Abstraction (KMA) at New York Office of Temporary Disability Assistance” — Part II**
Mike Oara, CTO, Relativity
- **“Oracle Case Study”**
Tom Laszewski, Product Manager, Modernization Solutions, Oracle
- **“Vital Statistics and Motor Vehicle Project for the Nova Scotia Government”**
Chris Dollard, Make Technologies

2:45 pm Afternoon Break

3:00 pm **Case Study Panel: Transformation Case Studies**
Moderated by: William Ulrich, President, Tactical Strategy Group, Inc.
 This panel session will include presentations and discussions on how companies have transformed existing systems to target architectures. Topics include:

- **“TSRI Case Study”**
Philip Newcomb, CEO, The Software Revolution, Inc.
- **“Business Rule / Data Mapping Case Study”**
Neal McWhorter, Principle, Enterprise Agility, Inc.
- **“Transportation Case Study”**
Barbara Errickson, Strategic Transportation Industry Solutions - Application Modernization Services, EDS
- **“Software Modernization Meets Open Source: The MoDisco Eclipse Project”**
Jean Bézivin, Professor, INRIA & University of Nantes, France

4:15 pm **Panel: Future of ADM**
Moderated by: William Ulrich, President, Tactical Strategy Group, Inc.
 This panel will discuss the integration of ADM and other OMG standards and how these standards will evolve.

4:45 pm Close / Day 2 Overview

Day 2 – Wednesday – March 28, 2007

Modernization Solution / Vendor Product Overview & Demos

- 9:00 am **Introduction / Tool Framework Overview**
William Ulrich, President, Tactical Strategy Group, Inc.
This session sets the stage for the solution provider sessions using an industry framework.
- 9:15 am **Unisys Solution Overview**
Vitaly Khusidman, Architecture Director, Unisys
- 9:45 am **Benchmark Consulting Solution Overview**
Alain Picard, President and CIO, Castor Technologies, Inc.
- 10:15 am Break
- 10:30 am **KDM Analytics Solution Overview**
Nick Mansurov, CTO, KDM Analytics
- 11:00 am **The Software Revolution Inc. Solution Overview**
Philip Newcomb, CEO, The Software Revolution, Inc
- 11:30 am **Relativity Solution Overview**
Mike Oara, CTO, Relativity
- Noon** **Lunch**
- 2:00 pm **IBM Solution Overview**
Larry England, Senior Engineer, IBM
- 2:30 pm **eCube Systems Solution Overview**
Kevin Barnes, President/CEO, eCube Systems
- 3:00 pm Break
- 3:30 pm **BluePhoenix Solution Overview**
Jaya Thiruvengadam, Development Manager, BluePhoenix
- 4:00 pm **EDS Solution Overview**
Barbara Errickson, Strategic Transportation Industry Solutions - Application Modernization Services, EDS
- 4:30 pm **Oracle Solution Overview**
Jason Williamson, Product Manager, Modernization Solutions, Oracle
- 6:00 pm** **Reception**
Join us for our post-sessions reception to meet and greet attendees.
