

ORMSC  
Meeting of September 16-17, 2009  
San Antonio, TX  
AGENDA

The ORMSC will meet from 0730 to 0900 hrs on Wednesday morning, September 16, in the Pecos room on the A floor of the meeting hotel and continue on Thursday morning September 17 if more time is needed to finish our documents.

The chair will ask for a motion to accept the minutes of the Costa Rica meeting, ormsc/09-09-02.

The agenda item is to finish the text of the MDA Foundation Model document, working on the document as edited in Costa Rica. Document ormsc/09-06-02 has all Costa Rica edits but changes have not been accepted (in spite of the description that appears when you look up the document); document ormsc/09-09-01 is the same document with all changes accepted.

This Action Item remains from the last meeting:  
We agreed that “view” and “viewpoint” in the figures only refers to models (elements?) and not to artifacts, and took an Action Item to add text about this to Section 2.4.

Take a look at Figure 3, especially the addition of “Thing” and “Artifact”, and consider what changes need to be made to the document, especially Section 3.2, to take these changes into account.

Then consider the entire text regarding conformance to the figures as finally drafted.
