Architecture-Driven Modernization Task Force

Boston Technical Meeting: Jun. 2006 – Highlights

Accomplished

1. ADMTF team met on Tuesday and Wednesday, 10 people attended with the following accomplishments:

- ASTM submission
  i. The status report was presented, not much progress was done since April meeting
  ii. Plan forward is to
      1. work between now and next meeting
      2. have closed submitters meeting for 2 full days in Anaheim (Wednesday & Thursday)

- Analysis package
  i. Team discussed the scope of the analysis package
  ii. still not ready to go to next phase of drafting RFP
  iii. more discussion is scheduled for next meeting

- Metrics package
  i. Very good progress was made
  ii. Draft RFP section 6 was reviewed in details
  iii. Comments will be ready in next few weeks
  iv. The goal is to get ready Metrics RFP for adoption at next OMG technical meeting
