The Legacy Transformation RFP was recommended for issuance (OMG document number lt/2003-11-04.)

Djenana Campara reports on the activities of the Legacy Transformation Platform Special Interest Group:

Highlights from this meeting:

- Tutorials for the group on MOF/XMI, CWM and basics of UML
- Name change from Legacy Transformation to Architecture-Driven Modernization
- Discussions regarding the AB and ADTF comments regarding the RFP to be issued.
- All comments were addressed, the final version is up for issuance today with OMG document number lt/2003-11-04.

Djenana Campara and Bill Ulrich were confirmed as the group's co-chairs. The group had a joint meeting with the Transportation Domain Task Force.

Deliverables from this meeting include the ADM Knowledge Discovery Meta-model RFP.

A submitters' meeting will take place in Anaheim.
