

Object Management Group COVID-19 Meeting Attendance Policy

Object Management Group® (OMG®) requires COVID-19 vaccinations for attendance at OMG-managed events. Onsite participants must prove "full vaccination" status to gain entry to an event. OMG will not offer refunds to participants who fail to verify full vaccination status while onsite.

What Does “Fully Vaccinated” Mean?

The CDC considers a patient to be fully vaccinated 2 weeks after either a) the second shot in the case of Pfizer and Moderna, or b) the first shot in the case of Johnson & Johnson.

Authorized COVID-19 Vaccines

Authorized COVID-19 vaccines include those the U.S. Food and Drug Administration sanctioned for emergency use. There are 3 vaccines recognized by the US Centers for Disease Control: Pfizer-BioNTech, Moderna, and Johnson & Johnson/Janssen.

OMG Event Process

- Stop by the OMG Registration Desk as soon as you arrive.
- Present a proper form of identification and a document to prove full vaccination.
- You cannot attend an OMG-managed event unless you can verify full vaccination status.
- OMG will not offer refunds to individuals or companies not permitted to participate due to vaccination status.
