

BUSINESS PROCESS MODELING IN HEALTH

*Getting to Healthcare Portability Workflow with BPMN
An Industry Workshop*

Wednesday, September 27, 2017

9:00 am - 5:00 pm

New Orleans, LA, USA

9:00am – 9:45am

BPM Health Jumpstart Session

*Ken Rubin – Director, Standards and Interoperability, VHA Office of Knowledge-based Systems;
OMG Healthcare Domain Task Force Co-Chair*

Welcome and Introductions -- Overview of BPM Health Initiative

The initial session of the day sets the stage for the workshop. It will provide a limited background and business context for the work, rationalizing why the effort was created, and then explaining the workstreams of activity and relating that work to overall project goals. It will frame the subjects for the remainder of the day, and provide a roadmap on the ultimate business objectives of the BPM Health activities.

9:45am - 10:30am

BPM Health Pilot Demonstration: Use Case 1

Denis Gagné - CEO and CTO, Trisotech and Chair, OMG BPMN Interchange Working Group

Stephen White - Process Architect, BPM Advantage Consulting, Inc.

Shane MacNamee, MD - US Department of Veterans Affairs

Stephen Hasley – American College of Obstetrics and Gynecology (ACOG)

Presented by one of the foremost experts in BPM standards, this session will explore and demonstrate the pilot use case that has been developed, leveraging the use of BPMN, CMMN, and DMN standards as applied to a Healthy Pregnancy use case. This use case activity is co-sponsored by the American College of Obstetrics and Gynecology

10:30am - 10:45am

Morning Refreshment Break

10:45am - 11:30am

BPM Health Pilot Demonstration: Use Case 1 (continued)

Denis Gagné - CEO and CTO, Trisotech and Chair, OMG BPMN Interchange Working Group

Stephen White - Process Architect, BPM Advantage Consulting, Inc.

Shane MacNamee, MD - US Department of Veterans Affairs

Stephen Hasley – American College of Obstetrics and Gynecology (ACOG)

11:3 am - Noon	Lessons Learned / Key Take-Aways	
	<p><i>Denis Gagné - CEO and CTO, Trisotech and Chair, OMG BPMN Interchange Working Group</i></p> <p>Drawing from experiences from both the pilot efforts, this session will explore key lessons-learned, applied use patterns, and key take-aways from the BPM pilot activities. The goal is to abstract these experiences as part of the community body-of-knowledge, relating this workstream to the BPM Field Guide effort (which will be the subject of the afternoon discussions).</p>	
Noon - 1:30pm	Lunch	
1:30pm - 2:30pm	Community “Peer Review” – Walkthrough and Discussion of BPM Health ‘Field Guide’	
	<p><i>Robert Lario, Health Systems Architect, VA Office of Knowledge-based Systems; OMG Healthcare Domain Task Force Co-Chair</i></p> <p>Overview, walkthrough and guided discussion of the BPM Health Field Guide. The Field Guide part modeling style guide, part conformance guide, and part health architecture patterns, intended to providing guidance to the health process modeling community to allow and foster the development of sharable clinical processes and process models.</p>	
2:30pm - 3:00pm	Afternoon Refreshment Break	
3:00pm - 4:15pm	“Peer Review” (continued)	
	<p>Continued work on the ‘Field Guide’, relating the pilot activity lessons-learned and take-aways to the Field Guide work project.</p>	
4:15pm - 5:00pm	Summary and Outbrief, and Project Planning	
	<p><i>Moderator: Ken Rubin - Director, Standards and Interoperability, VHA Office of Knowledge Based Systems and OMG Healthcare Domain Task Force Co-Chair</i></p>
