DDSIG - Data Distribution Service PSIG

• Highlights from this meeting
  • Reviewed various approaches to DDS Service-Based discovery. Presentations by ADLINK, eProsima, RTI, and OCI.
    • Significant overlap in the approaches
    • Agreed to draft a design document to see if it could be implemented without changing the existing specifications. In that case we would cancel the DDS Service-Based Discovery RFP
  • Discussed extensions to DDS Interoperability tests

• Plans for next meeting
  • Presentations common design of DDS Service Based discovery.
