

myOMG

Frequently Asked Questions

Go to [myOMG](#) page.

1. How do I add links and how will they get displayed?

- The **Configure** button brings one to a page where OMG web pages can be selected (add) or unselected. Selected pages will show up in the **myOMG links** section instantly. By highlighting a link and pressing the **OK** button one is directed to the selected web page.

2. Are unsubscribes from mailing lists instant?

- No, please allow 24 hours for an unsubscribe request to go into effect.

3. Are subscriptions to mailing lists instant?

- No, please allow 24 hours for a mailing list subscription to go into effect.

4. What is the Details button all about?

- By highlighting an item from the list and pressing the **Details** button one is directed to the selected web page.

5. How do I change my company information?

- To change your company information, simply send an email to info@omg.org.

6. Do I have to use myOMG or can I continue to use the old version?

- You may still use the old version, but using the new page makes navigating the technical process much easier.

7. What if my user name and password are the same?

- If you are using your OMG contact id as your username and password, you must change either one to be able to see your personalized page.

8. How do I change my password?

- Simply click on the **Change Password** button in the left panel.

9. What are the software requirements of myOMG?

- You will need a javascript-enabled browser.

10. What browsers are supported?

- myOMG has been successfully tested on Firefox, Opera and Internet Explorer.
