

# Healthcare DTF

## OMG Technical Meeting

### Reston, VA

The following is our Version 1.0 agenda for the Reston TC meeting. Apart from the Vote to Issue the Coordination of Care Service, we anticipate a somewhat fluid agenda, working on that RFP and conducting pre-work on a few likely RFPs that will be coming down the pike.

Also, HDTF is tentatively schedule to recess on Wednesday so as to allow participation in the Model Based Systems Engineering (MBSE) Healthcare event. We may adjust should substantive revisions to the CCS RFP be required.

- Monday AM: 10a Start – Welcome and Overview of HDTF
- Monday PM: Conduct Pre-Work on Ordering Service; Visit to Architecture Board for feedback on CCS RFP
- Tues AM: Work on the Coordination of Care Service RFP
- Tues PM: Work on Ordering Service RFP; Continue work on CCS
- Wed AM: Attending the MBSE Healthcare Event
- Wed PM: Attending the MBSE Healthcare Event
- Thursday AM: Vote to Issue Coordination of Care Service RFP
