**Exam Languages**

Offered in English. You cannot use a translating app during the exam.

**Review Your Answers**

Before completing an exam you will be presented with a review screen to review your answers to all questions.
Pass or fail, you will be provided with a score report on computer screen immediately following the exam whether on-site at test center or online. A hardcopy will be provided to you before leaving test center with your score in each major section. If you fail, you can review those sections where you scored poorly to assist you when you decide to retake the exam. You can also review your exam scores via your Pearson VUE account.

Those who pass the exam will receive a certification kit within 4-6 weeks of taking the exam. The kit will include a certification letter, certificate, digital certification logo download instructions, guidelines and how to opt-into the OMG Certified Professionals Directory. Certifications are associated with individuals and not companies.

Contact certificationinfo@omg.org with your full name, mailing address and candidate ID number. Shipping costs will apply.

You must first update your contact information via your Pearson VUE account and then contact certificationinfo@omg.org to update the OMG Certified Professionals Directory.

Your certification expires 5 years from the date you passed the exam. The same or a higher-level certification must be taken prior to the expiration date to extend a certification by 5 years.

You can retake the exam 30 days after you last took the exam. However, an exam cannot be retaken more than 3 times within a 12-month period. The cost of a retaken exam is US$175 (or local equivalent) in English-speaking countries (exception: city of Quebec) and US$185 (or local equivalent) in all others. Contact Pearson VUE to request the exam retake discount.

Yes, but only the new OCEB 2 certification will demonstrate the modeling knowledge and skills required in today's complex IT environment.
