

## OMG CERTIFICATION VOUCHER DISCOUNT PACKAGE

### PROGRAM FOR TRAINING PROVIDERS

If your company's training prepares students for OMG's certification examinations, you've surely thought about including OMG Certification Examination vouchers with your preparatory courses, so your students receive a complete package that takes them seamlessly from the classroom to certificate.

You can achieve this professional presentation and increase your bottom line at the same time by taking advantage of OMG's Certification Voucher Package Program. Discounted between 10% and 25%, the program vouchers are valid for every current OMG certification at every level, letting you purchase a single package to bundle vouchers with every OMG certification course on your company's syllabus.

If you're just getting started with bundled training and testing, buy an Introductory Package and see for yourself how beneficial and popular these packaged course/test combinations can be. Or, if you need to stock a program that's ready to launch (or running now), add one of the larger packages in the main table below.
